## **KEEP OUT OF REACH OF CHILDREN**

### **PRECAUTIONARY STATEMENTS:**

Keep only in original container. Wash hands thoroughly after handling. Avoid release to the environment. Wear protective gloves, protective clothing, eye protection and face protection.

**RESPONSE/FIRST AID:** Have product container, label or SDS with you when calling poison control center or physician.

**IF SWALLOWED:** Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor or physician.

**IF ON SKIN (or hair):** Wash with plenty of soap and water. If skin irritation occurs, get medical advice/attention. Remove immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do, continue rinsing. If eye irritation persists, get medical advice/attention. Call a poison control center or physician for treatment advice.

**IF INHALED:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER/doctor.

**STORAGE & DISPOSAL:** Store locked up. Users are advised to determine the appropriate disposal method based on local, state and federal regulations and comply with those regulations.

### **For Institutional Use Only.**

Refer to the Safety Data Sheet for additional precautions & handling information.

## **GENERAL INFORMATION**

Power Wash is a special blend of surfactants and alkalis combined with water conditioners and brighteners that provide clean linens without the use of a break/builder. This pumpable slurry handles the toughest soils and water conditions. Breaks soil and holds it in suspension for easy removal.

## **DIRECTIONS:**

This product is designed for use as a combination break and detergent. Add product during the wash cycle at a rate of 1-2 ounces per 50 pounds of laundry for light soils; 2-4 ounces per 50 pounds of laundry for medium soils. Due to the viscosity of this product, it is recommended that a 1/4" (inside diameter) pickup line be used for automatic dispensing. See our special Technical Addendum for tips and suggestions on the proper use of this unique product. Consult your service technician for exact usage.

## **INGREDIENTS:**

Water (7732-18-5)

Sodium hydroxide (1310-73-2)

Alcohols, C9-11, ethoxylated (68439-46-3)

P(AA/NaHSO<sub>3</sub>)Na Salt (68479-09-4)

Nitrilotrimethylenetris (phosphonic acid) (6419-19-8)
