Enzy-Cleaner

Enzyme Cleaner, Deodorizer & Drain Maintainer

A powerful combination of enzymes and living bacteria that accelerates soil break down and continues to clean after initial application. No rinsing required. **Enzy-Clean** is a natural deodorizer on hard-non-porous surfaces, as well as drains. Consistent use in drains will maintain flow through drains and pipes. Neutral pH. This product contains no harsh acids or caustics.

Effective Cleaning:

Contains a high concentration of four different enzymes (protease, lipase, amylase, and cellulase) that act to accelerate soil liquification in plumbing systems.

Safe To Use:

Neutral pH. This product contains no harsh acids or caustics. The bacteria used are not considered pathogenic to humans or animals.

Dual Functionality:

Contains both free enzymes and bacterial cultures. Free enzymes provide quick action. Bacterial cultures produce additional enzymes to continue the cleaning process.

Environmentally Friendly:

No harsh fuming acids. Biodegradable concentrate.

USE INFORMATION:

Use on floors, other hard surfaces, and drains.
