# NuShine

UHS Cleaner / Restorer

**NuShine** is a revolutionary, labor saving product. Designed for daily use on frequently burnished floors. Revitalizes the finish base, builds gloss, and reduces labor cost by eliminating the use of multiple products (traditional cleaners and restorers) and additional steps (separate deep cleaning and restoration steps).

## Revitalizes the Gloss:

Restores flexibility to the finish, allowing it to respond to burnishing. Leaves the floor with a "wet look" appearance.

## Extends Floor Finish Performance:

Using **NuShine** increases length between finish recoating cycles.

## Versatile:

One product replaces multiple products. **NuShine** cleans and restores. Can be used in automatic scrubbers or mop on applications.

## Labor saving:

Reduces the frequency of stripping and scrub/recoating to save significant time and labor.

## USE INFORMATION:

**NuShine UHS Cleaner/Restorer** is recommended for use in conjunction with an ultra high-speed burnisher. Use in hospitals, schools, nursing homes, hotels, motels, municipal buildings and super-markets where a "wet look" shine is desirable.

## PRODUCT SPECIFICATIONS:

pH (concentrate).....	9.0 ± 1.0
Appearance.....	Clear, Yellow Liquid
Fragrance.....	Citrus
Freezing Point.....	About 32°F
Solubility in Water.....	Complete
Flash Point.....	None to Boiling

## INGREDIENTS:

Water.....	7732-18-5
Polyethylene glycol.....	25322-68-3
Dipropylene glycol n-butyl ether.....	29911-28-2
Undeceth-7.....	34398-01-1

## DIRECTIONS FOR USE:

Always dust mop floor first. Remove gum, labels and other attached soil deposits with a putty knife or long handled scraper.

### AUTOSCRUB APPLICATION

1. **DILUTE** at 1 ounce per gallon (1:128 ratio) of cold water.
2. **CLEAN:** Scrub with red pad. Apply **NUSHINE**, scrub and pick up in one operation. Rinsing not required.
3. **PICK UP TRAILS:** Use clean water and mop/ bucket to pick up any trails left from autoscrubber.

### MOP-ON APPLICATION

1. **DILUTE** at 1 ounce per gallon (1:128 ratio) of cold water in bucket.
2. **CLEAN:** Use a clean mop and damp mop the floor. Change the cleaning solution frequently. Rinsing not required. **BURNISH** for optimum results.

## PRODUCT AVAILABILITY:

9731..... 4/1 Gal.
