

Razor[™]

Patented, Fast Acting, No-Rinse Stripper

FULLPRO
FULLER PROFESSIONAL

Razor™

Patented, Fast Acting, No-Rinse Stripper

Razor™ is specially formulated to quickly penetrate and effectively dissolve multiple layers of floor finish buildup for easy rinse-free removal. It can be used on vinyl, vinyl composition, vinyl asbestos, asphalt, marble, terrazzo, concrete and magnesite surfaces.

No Rinsing or Neutralizing:

Rinsing is not required. Pick up the dissolved finish completely with a wet vac, mop or autoscrubber.

Powerful, Fast Action:

Machine scrubbing is not required. The powerful solvent action of **Razor™** dissolves finish buildup using only mop agitation.

Low Foaming:

Recommended for use with automatic scrubbers, low foaming action controls foam in recovery tanks.

Low Odor:

Recommended for use in institutions or other public places where strong odors could be objectionable.

USE INFORMATION:

Hospitals, schools, nursing homes, hotels, motels, schools, universities, municipal buildings, and supermarkets.

PRODUCT SPECIFICATIONS:

pH (concentrate).....	13.0 ± 0.3
Appearance.....	Liquid, Clear to Colorless
Fragrance.....	Characteristic odor
Freezing Point.....	About 32°F
Solubility in Water.....	Complete
Flash Point.....	None to Boiling

INGREDIENTS:

Water.....	7732-18-5
Ethylene glycol phenyl ether.....	122-99-6
Monoethanolamine.....	141-43-5
2-Butoxyethanol.....	111-76-2
Sodium 1-octane sulfonate.....	5324-84-5

DIRECTIONS FOR USE:

Always dust mop floor first. Remove gum, labels and other attached soil deposits with a putty knife or long handled scraper.

FLOOR STRIPPING

1. **DILUTE** at 21 ounces per gallon (1:6 ratio) of cool water for normal buildup or 32 ounces per gallon (1:4 ratio) of cool water for extreme build up.
2. **APPLY** the diluted solution of **Razor™** onto the floor with a mop.
3. **WAIT:** Let stand for 4-5 minutes, then agitate with the same mop. For best results use a rotary machine and black pad. Do not let solution dry.
4. **REMOVE** the solution from the floor using a mop or wet/dry vacuum. For best results rinse the floor with clean water and a clean mop.
5. **REPEAT** steps two to four if any finish remains on floor.

Special Precautions:

Use caution as floors become very slippery. Must be diluted. Not for use on wood or painted surfaces. Not for use on linoleum or rubber floors or daily maintenance of resilient floors. Before use on asphalt tile, test a small hidden area for any color change.
