Crisp™

Chewing Gum Remover

This quick freezing type formula simplifies the messy task of removing gum and other soft sticky materials from carpets, floors, cement, furniture, tables and clothing. **Crisp™** is also excellent for removal of candle wax. Once the material is frozen it loosens and can be scraped away with a spatula or knife. Ideal for use in schools, hospitals, hotels, motels, offices, restaurants, locker rooms, restrooms, theaters, churches and industry.

Cost Effective:

Reduces the labor that is involved with chewing gum removal.

Highly Efficient Cleaner:

Chewing gum becomes hard and brittle at sub-freezing temperatures.

User Friendly:

Ready-to-use aerosol package simplifies application. The supplied extension tube makes application even easier.

USE INFORMATION:

For removal of chewing gum on carpets, floors, cement, furniture, tables and clothing.

PRODUCT SPECIFICATIONS:

pH..... N/A
Color..... Clear
Fragrance..... None
Physical State..... Liquid Under Pressure
Freezing Point..... < 0°F
Solubility in Water..... Insoluble
Warehouse Storage..... Level III Aerosol
Flash Point -155°F

DIRECTIONS FOR USE:

1. SPRAY directly on gum until it is completely frozen. Once gum is frozen it loses its adhering tack and can be scraped away with a knife or spatula.

PRODUCT AVAILABILITY:

F426015..... 12/5 oz.

INGREDIENTS:

Isobutane..... 75-28-5
Propane 74-98-6
