- Free Rinsing
- Pleasant Floral Fragrance

# Water Extraction

## Carpet Cleaner

**Water Extraction Carpet Cleaner** is formulated for hot water extraction systems and provides an aggressive combination of ingredients for cleaning carpets that are loaded with tough soils. Designed for use where the soil load cannot be removed by surface cleaning. When this product is used in combination with Answer™ Multi-Use Carpet Cleaner, the combination salvages heavily soiled carpets. These environments often include schools, restaurants and industrial offices.

### Highly Effective Cleaning:

Formulated with solvents, detergents and alkaline builders to emulsify oils and greases, to suspend soils and to soften hard water.

### Free Rinsing:

Rinses tough soils away from the carpet fibers and leaves no sticky residue that attracts soils.

### Saves Money:

Extends the life of abused carpets that are constantly being exposed to heavy soils.

## USE INFORMATION:

Always thoroughly vacuum the carpet and remove any attached deposits from the carpet prior to use. If there is a question on the carpet's colorfastness, always pretest in an inconspicuous area.

## PRODUCT SPECIFICATIONS:

pH (concentrate).....	11.5 ± 0.5
Appearance.....	Light Blue, Liquid
Fragrance.....	Floral
Freezing Point.....	About 32°F
Solubility in Water.....	Complete
Flash Point.....	>200°F

## INGREDIENTS:

Water.....	7732-18-5
Tetrapotassium pyrophosphate.....	7320-34-5
2-butoxyethanol.....	111-76-2
Octenylsuccinic Acid.....	28805-58-5
Sodium silicate.....	1344-09-8
Dipropylene glycol monomethyl ether..	34590-94-8
